Please contact if you would like a payment plan.**

#### **CANCELLATION/REFUND POLICY**

In the event of a Venue or Government directed cancellation of an event due to anything that affects the running of an event (eg COVID-19), Get the Beat will do the following:

1. The event will become an online event whereby each dancer will supply a video of each performance to be judged online with audio feedback and the same prizes we would have handed out, mailed to each contestant. This will be well communicated to all competitors. We will also refund 30% of your entry fees if this happens.

Please understand that GTB is prepared and determined to run every event as planned in 2022 plus put on extra events if necessary to be able to cater to all dancers committed to our events. The events that have opened are all locked in, staffed and prepped, the only thing that will stop us hosting an event is if the Government restricts us. It is possible that we may be able to postpone certain events rather than resort to videos.
